

**APRIL 23<sup>RD</sup> – 27<sup>TH</sup> IN PARIS, FRANCE**

**CALL FOR PAPERS – APME 2023**

We are delighted to announce that the “**14th Advanced Polymers via Macromolecular Engineering**” Conference (APME23) will be hosted in the fantastic city of Paris (France) from April 23rd to April 27th, 2023. Initiated by M. K. Mishra and Y. Yağci, APME meeting is a major event in the field of polymer Science following a series of great conferences such as in Stellenbosch (2019), Ghent (2017), Yokohama (2015), Durham (2013), Cappadocia (Turkey) (2011), Dresden (2009) and Miami (2007).

**Topics of interest include, but are not limited to:**

- Recent Advances in Macromolecular Synthesis
- Complex Macromolecular and Supramolecular Structures
- Polymers at Surfaces and Interfaces
- New Industrial Developments for Polymeric Materials
- Polymers from Renewable Resources
- Sustainable polymers
- Self-assembly and Interactions of Polymers
- Characterization of Polymers
- Polymer recycling

**Important Dates:**

- Early bird registration deadline: December 16, 2022
- Regular submission deadline: February 10, 2023
- Notification to authors: February 27, 2023
- Regular registration deadline: March 17, 2023
- Conference: April 23-27, 2023

**Guidance for authors:**

The submission must be done through Ex Ordo (<https://apme2023.exordo.com>) where you will have to create your own account. This abstract management system will enable you to manage your submission as you wish.

**Proceedings & Publishing:**

More information coming soon.
