Learning about the victims' fate through the Stolpersteine

- Please visit the webpage <https://www.stolpersteine.eu/en> and briefly introduce yourself with the Stolpersteine project.
- Try to find out if there are Stolpersteine memorials in the city where you live/work or which is the nearest city to you where you can find Stolpersteine.
- If you have the possibility to see the Stolpersteine on the site where they are laid, please visit them. Otherwise, look for some examples of Stolpersteine on the web. Read the inscriptions on them carefully.
- Think about what kind of information is recorded on the Stolpersteine and how this information could be used in teaching about the Holocaust.
