Learning Activity 2022 **Surviving the Holocaust: The life paths of Masha Feinstein and Rabbi David Lifshitz**

The seminar participants will gain new knowledge, and deeper understanding about the life of Jews on the territories of Lithuania and Poland during and after WWII. Studying the lives and destinies of two Holocaust survivors, Masha Feinstein and Dovid Lifshitz, they will become aware of how difficult it is to make decisions in critical and dangerous circumstances, with little or no time to think. They will also learn about courageous deeds of individuals who put their own life in danger in order to save the life of another human being.
