

EnTIRE project: the making of The Embassy of Good Science

Mapping Normative Frameworks for Ethics and Integrity of Research

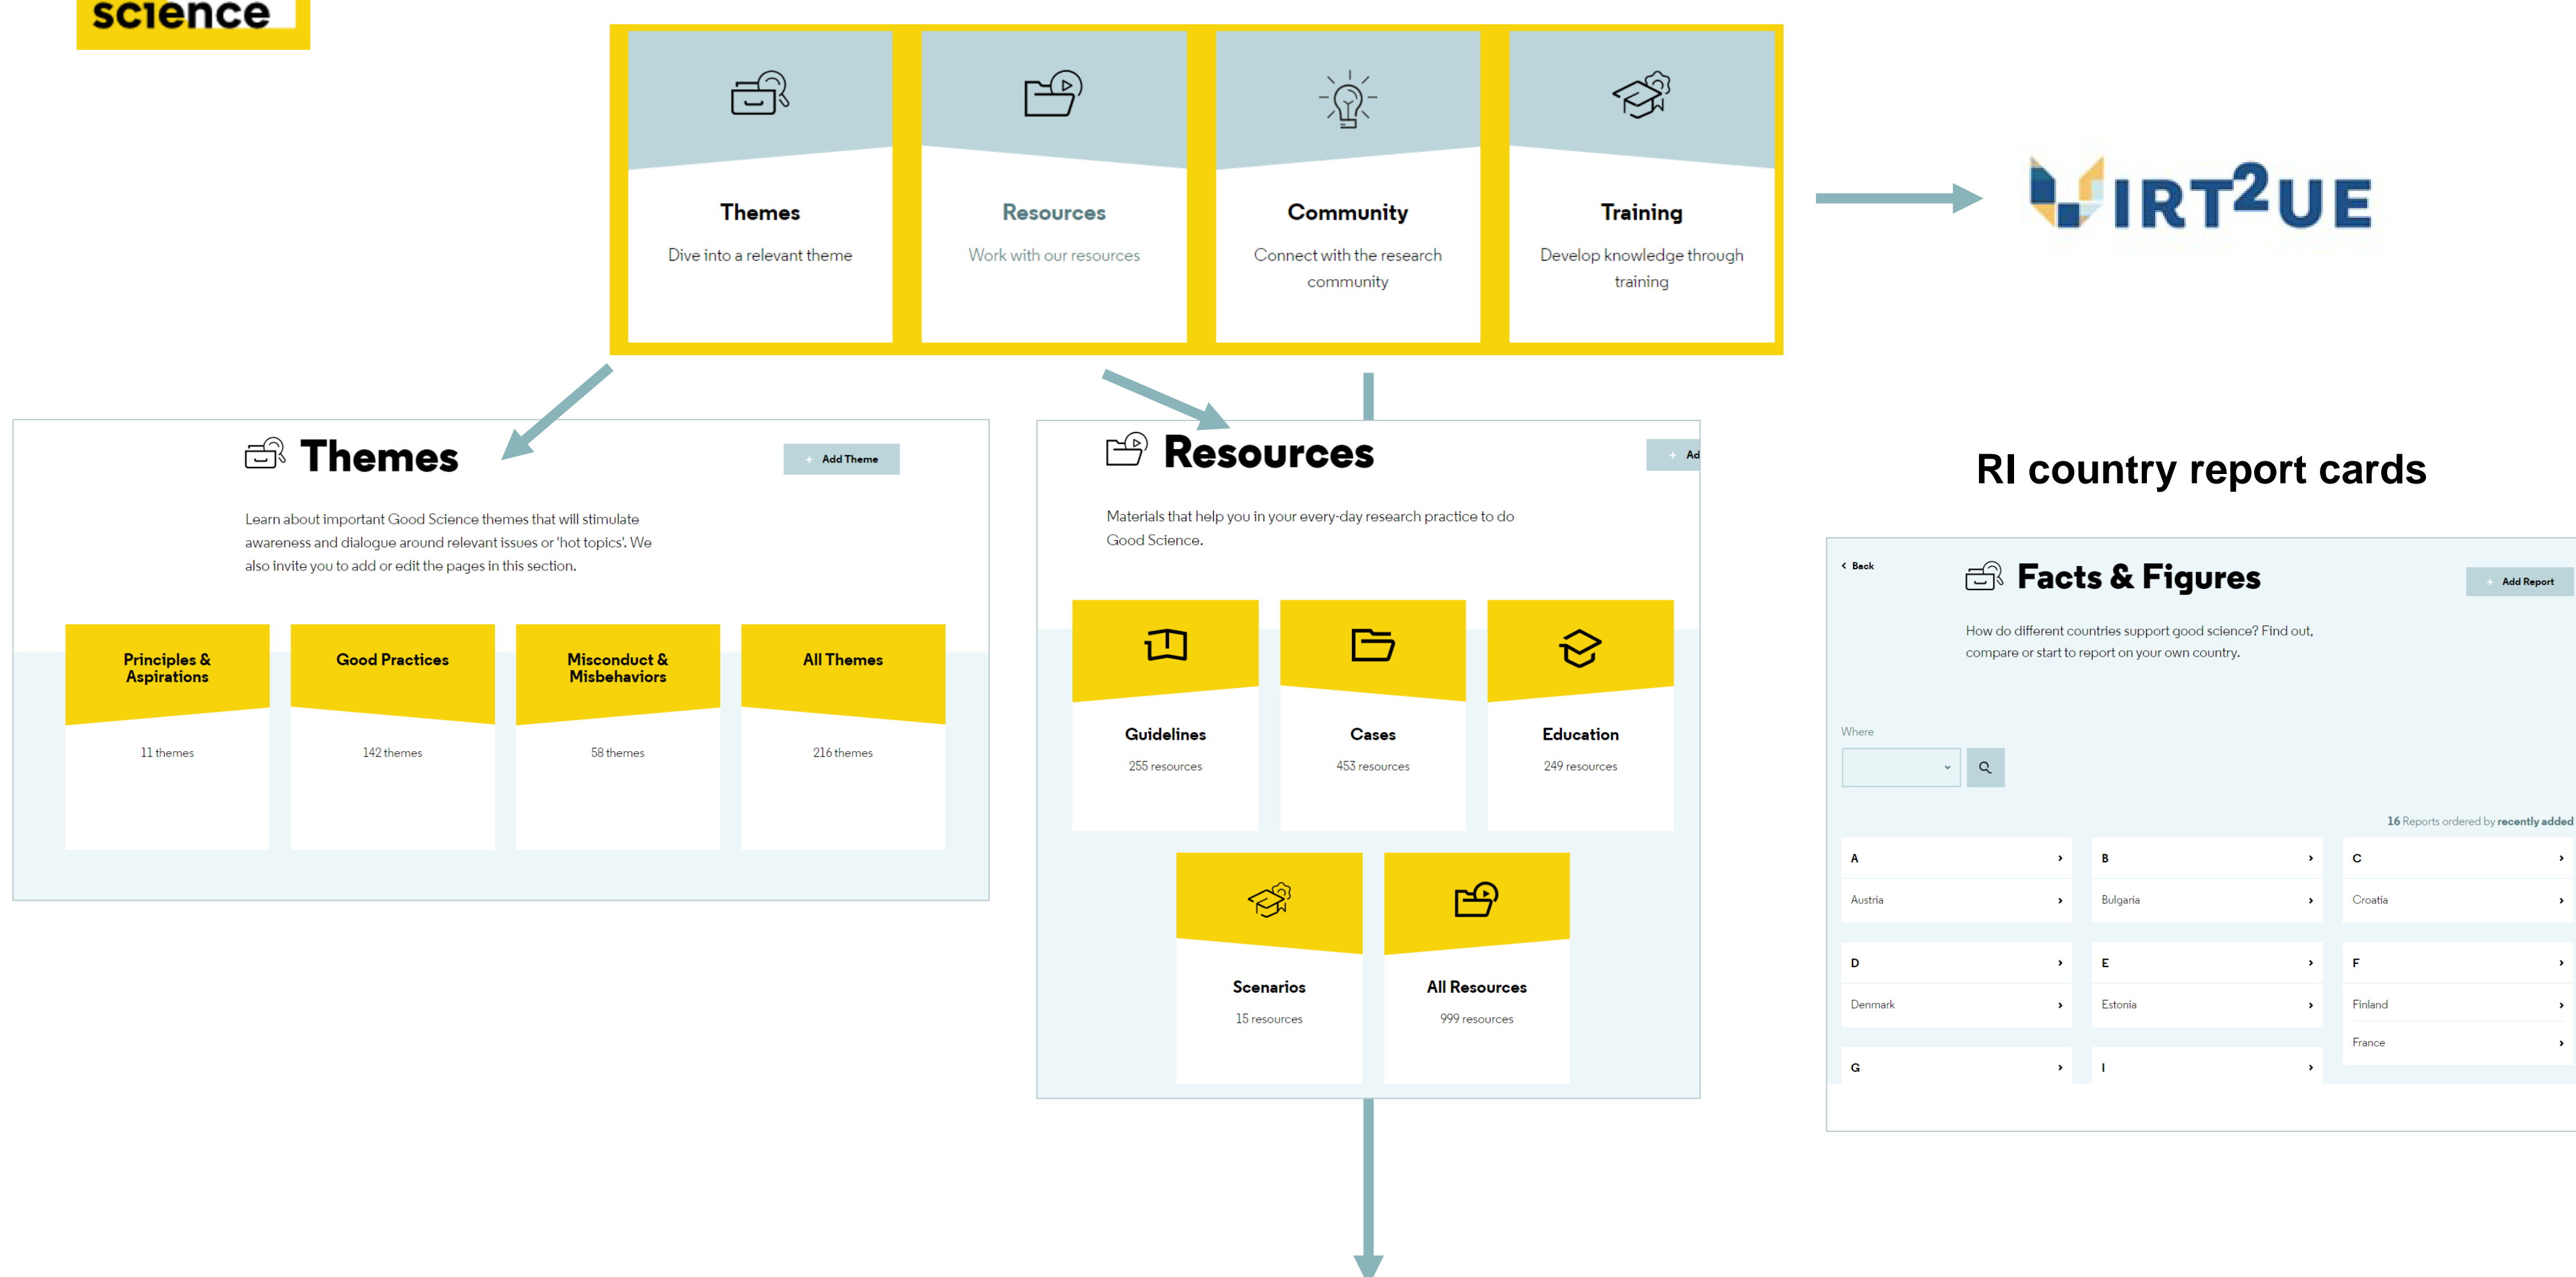

Topic: SwafS-16-2016 – Mapping the Ethics and Research Integrity Normative Framework

Three unique features:

1. Stakeholder participation and community engagement
2. Focus on diversity of RE+RI practices
3. Interactive self-sustainable Wiki-platform

Community platform offering support in handling day-to-day research practices and dilemmas. The platform is a Wiki - allowing users to contribute their knowledge and expertise.
