NANOBIOTECHNOLOGY

Jan 14-16, 2026
Rome

CALL FOR PAPERS – ICONAN 2026

The **International Conference On Nanomedicine And Nanobiotechnology** is an annual gathering with the following objectives:

- Attract high quality papers in different subfields
- Offer the opportunity to be updated on the latest research outputs on several Nanomedicine and Nanobiotechnology topics
- Organize specific workshops around the most attractive and current issues
- Gather worldwide experts as conference speakers

Celebrating its 10th year, ICONAN 2026 will reflect on the remarkable advancements in nanomedicine while looking toward its future potential. The conference will emphasize a deeper understanding of the nano-bio interaction at all levels, exploring how emerging technologies like AI, bioelectronics, and organoids are transforming therapeutic approaches, including gene and cell therapies and novel drug delivery systems. ICONAN 2026 will foster collaborative exchanges, offering researchers the opportunity to share new ideas, explore innovative technologies, and engage with peers from around the world.

Topics of interest include, but are not limited to:

- **Nanomaterial-Body Interaction:** Interface with biomolecules, cells, organ, immune system
- **Novel Delivery Strategies:** Effective, personalized, controllable delivery of therapeutics
- **Prevention and Treatment of Diseases:** Oncology, infectious, cardiovascular, pulmonary, metabolic diseases etc
- **Diagnostics and Devices:** Biosensors, bioelectronics, disease modelling, biochips
- **Emerging Concepts and Technologies:** AI, Automation, computational medicine, mechanobiology, robotics

Important Dates:

- Regular submission deadline: November 07, 2025
- Regular registration deadline: December 12, 2025
- Conference: January 14–16, 2026

Venue:

This edition will be held at **Roma Eventi – Piazza di Spagna - [Via Alibert, 5/a, 00187 Roma RM, Italy](#)**

Guidance for authors:

The submission must be done online (<http://iconan2026.exordo.com/>) where you will have to create your own account. This abstract management system will enable you to manage your submission as you wish.
