

Assistant Professor / Associate Professor (Electrical and Electronics Engineering)

ITMO University's [Department of Physics and Engineering](#) invites candidates for positions of the Department members!

We expect from you strong interest both in educational and scientific activities. At the Department, you are going to be engaged in scientific research, give lectures to undergraduate and graduate students, as well as work with students and postgraduate students as a scientific supervisor.

Required Qualifications

- PhD or equivalent from a reputable University in Electrical and Electronic Engineering.
- Demonstrated excellence in research, scholarship, and teaching in Electrical Engineering.
- Good analytical and problem solving skills.
- Excellent interpersonal and communication skills.

Preferred Qualification

- A solid research record evidenced by high quality publications in high-impact journals.
- Strong commitment to teaching and students advising at the undergraduate and graduate levels.
- Demonstrated ability to develop and sustain internally and externally funded research. Prior experience in the role of PI or Co-PI in funded research projects is a plus.
- Industrial experience in a related industry is a plus.

Expected Skills/Rank/Experience

All ranks will be considered, priority for the assistant professor rank. Fresh PhD holders with strong publication records and high reputable university are encouraged to apply.

Special Instructions to Applicant

Send your Curriculum Vitae (CV), list of publications and a short motivational letter describing realized scientific and educational projects, and plans for the future (not exceeding 2 pages) to this address: hr@metalab.ifmo.ru
