SORBONNE UNIVERSITÉ, PARIS / OCT 20-22, 2025

# SPONSORING PACKAGES NANOP 2025

Join us for this 7th Edition in Paris !

## NANOPHOTONICS AND MICRO/NANO OPTICS INTERNATIONAL CONFERENCE 2025

After tremendous endeavors, Nanophotonics has already departed from its infancy and stepped into an exciting era, where research ideas and theoretical concepts are being vigorously transferred into functional devices and real-life applications. The sixth edition of the NANOP conference identifies the successful development of Functional Nanophotonics over the last decades as well as outlines upcoming research directions and topics, offering a vibrant platform for scientists to discuss, share, and fantasize.

This conference will gather an excellent group of Plenary speakers from different topics and will be held in Paris on October 20-22, 2025.

# CITY & VENUE

Paris, the city of light, is one of the most, if not the most, famous capital of the world. Its cultural heritage through the ages is fascinating and includes many unrivalled monuments such as the Sacré-Coeur, Notre Dame de Paris (fully restored), and, obviously, the Eiffel Tower. It is also renowned worldwide for its numerous museums including the Louvre, Musée d'Orsay, Muséum national d'Histoire naturelle and so many others. Paris is a vibrant, lively city with many typical corners to discover, as well as Parisian bars, cafés and gourmet restaurants.

Sorbonne University, specifically its Pierre and Marie Curie campus, is one of the most prestigious and historic institutions in France. Located in the heart of Paris, this campus is renowned for its excellence in science and medicine. Born from the merger of Pierre and Marie Curie University (UPMC) and Paris-Sorbonne University in 2018, Sorbonne University embodies a tradition of academic innovation and cutting-edge research.
