International Conference On  
Phosphorus, Boron and Silicon

September 17-19, 2025 | PRAGUE

## CALL FOR PAPERS – PBSI 2025

From chemistry to catalysis, materials, biology, and medicine, from theory to application, the main target of this conference is to gather Researchers and Experts in Phosphorus, Boron and Silicon community in order to provide all participants with the latest progress and inputs recorded in each field.

The **International Conference On Phosphorus, Boron and Silicon** is an annual gathering with the following objectives:

- Attract high quality papers in different subfields
- Offer the opportunity to be updated on the latest research outputs on several topics
- Organize specific workshops around the most attractive and current issues
- Gather worldwide experts as conference speakers

### Topics of interest include, but are not limited to:

- Recycling, green chemistry, environment impact & sustainability
- Fabrication processes and applications in the industry
- Materials science: polymers, thin films, nanopowders, ceramics, crystals, composites etc.
- Smart Inorganic Polymers
- Computational and theoretical chemistry
- Bioinorganic chemistry and application in medicine
- Energy, conversion & storage
- Catalysis processes & applications
- Optical, electrical and magnetic properties
- Advanced synthesis and characterization
- Reactions of coordination compounds
- General aspects of inorganic chemistry

### Important Dates:

- Early bird submission - **March 7th, 2025**
- Early bird registration - **April 4th, 2025**
- Regular submission - **June 6th, 2025**
- Notification to authors - **July 4th, 2025**
- Regular registration - **July 18th, 2025**
- Conference - **Sept 17-19th, 2025**

### Guidance for authors:

The submission must be done through Ex Ordo (<https://pbsi2025.exordo.com>) where you will have to create your own account. This abstract management system will enable you to manage your submission as you wish.
